DISCOVERY WEEK

Discovery Week is the first week of the 8-week Orientation Course that people attend to join WEC International. It is designed to help people discover the Vision, Mission and Values of WEC International. Provide room to explore your gifting, calling and suitability for places of service. This is done by viewing detailed up to date explanation of teams and ministries from our 80+ ministry branches.

We also cover Money and Mission, Language Learning and an Introduction to Crossing Cultures.

This week is for people who are either:

- Wanting to join WEC, know their ministry destination Branch, and as such need to complete the 8-week orientation.
- Exploring joining WEC and/or are still unsure about their ministry destination.
- Becoming WEC Partners and require orientation.
- Preparing for a short term mission trip with WEC and requiring orientation.
- Have a heart for mission and just want to discover more of 'what God is doing in the world' and 'the heart of a missionary'.
